CLASSIC

The Classic series stands for the essentials.

Reliable riflescopes that deliver on their promises – without unnecessary extras, but with everything that truly matters. Whether on the shooting range or in everyday hunting use, these models offer consistent performance, clear visibility, and simple operation, day after day.

All Classic scopes rely on a robust design with 1" tubes, and an outstanding price-performance ratio. They are aimed at those who value quality but prefer not to invest more than necessary.

Item No.	Description	Reticle	Specification	Centre Tube
62600	Classic 2-7x32	MIL Dot	2-7 x 32 AO MIL Dot	1"
62610	Classic 3-9x40	MIL Dot	3-9 x 40 AO MIL Dot	1"
62620	Classic 4-12x40	MIL Dot	4-12 x 40 AO MIL Dot	1"
62630	Classic 4-12x50	L4A	4-12 x 50 L4A IR AO	1"
62650	Classic 6-24x50	MIL Dot IR	6-24 x 50 AO MIL Dot IR	1"

PERFORMANCE PRO

The Performance Pro series represents top-tier riflescope technology.

These models combine state-of-the-art features with uncompromising build quality – developed for shooters and hunters who demand maximum performance and leave nothing to chance.

Whether on the range, in competition, or during demanding hunting scenarios: Performance Pro scopes deliver razor-sharp images, ultrafine 1/10 MRAD click adjustments, and features that impress in every situation.

High-quality materials, precise mechanics, and well-thought-out functions like zero-stop, side parallax, and illuminated reticles make this series the first choice for professionals and perfectionists.

Item No.	Description	Reticle	Specification	Centre Tube
62520	Performance Pro 1-8x24	L4A Fiber	1-8x24 L4A Fiber IR	Ø30mm
62550	Performance Pro 3-15x50	LR Dot	3-15x50 SP LR Dot IR	Ø30mm
62580	Performance Pro 6-24x50	MIL	6-24x50 SP MIL IR	Ø30mm
62590	Performance Pro 8-32x56	MIL	8-32x56 SP MIL IR	Ø30mm

AIR PRO

When maximum focus meets uncompromising quality, the world of the Air Pro series begins.

These riflescopes were specifically designed for demanding use in air rifle sports – built to be robust, precisely tuned, and aimed at absolute reliability.

Every detail follows the goal of providing shooters with a tool that not only keeps up in decisive moments but makes the difference. The Air Pro models stand for optical clarity, mechanical durability, and performance you can rely on – shot after shot.

Item No.	Description	Reticle	Specification	Centre Tube
64510	Air Pro 3-12x44	AP MIL	3-12 x 44 AP MIL IR	30mm
64520	Air Pro 6-24x50	AP MIL FFP	6-24 x 50 SP AP MIL FFP	30mm
64530	Air Pro 4-12x50	AP MIL	4-12 x 50 AO AP MIL	1"

CLASSIC PRO

The Classic Pro series stands for reliable riflescopes.

Equipped with a sturdy 30 mm main tube and a precise optical system, these models offer high repeat accuracy, a wide adjustment range, and a clear, high-contrast image – even under demanding conditions.

Robustly built, easy to use, and attractively priced, the Classic Pro series is aimed at those seeking a durable and powerful optic for sport and hunting.

Item No.	Description	Reticle	Specification	Centre Tube
62660	Classic Pro 2.5-10x50	L4A	2.5-10 x 50 L4A Dot IR	Ø30mm
62670	Classic Pro 3-12x56	L4A	6-24 x 50 SP AP MIL FFP	Ø30mm

REFLEX PRO

The Reflex Pro series offers modern red dot sights for dynamic use.

Whether for hunting, sport, or tactical applications – both models are equipped with a motion sensor, 3 selectable reticles, and a fine 2 MOA dot. With automatic activation through movement, easy Weaver mounting, and reliable 1 or 1/2 MOA adjustment, the Reflex Pro series stands for fast targeting, maximum visibility, and intuitive handling.
